

USMC Improved T-Shirt

Overview:

The United States Marine Corps (MC) is developing a new t-shirt with improved moisture management capabilities for wear with the new combat utility uniform.

Description:

The T-shirts will be available in two styles:

- Short Sleeve, crew neck
- Long sleeve, mock turtleneck with USMC embroidered in black on collar

Characteristics:

- Provide good moisture management capability wicking sweat away from the body
- Is quick drying
- Have durable construction, colorfastness and shape retention after repeated laundering
- Have shoulder and collar seams reinforced with binding tape to improve wear in neck and shoulder
- Is coyote in color, capable of being worn with both the woodland and desert utility uniform

Cost (estimated):

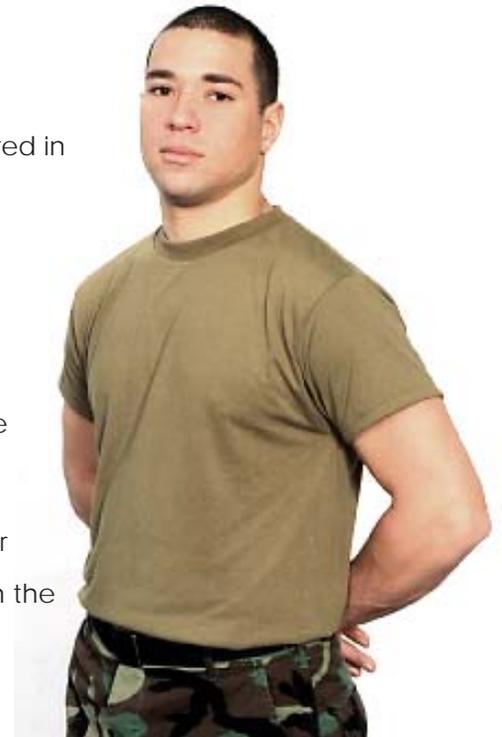

- **Short Sleeve:** \$5.00 (\$11 - \$16 for optional fabric technology)
- **Long Sleeve:** \$7.50 (\$13.00 - \$28.00 for optional fabric technology)

Status:

The t-shirt is currently being field tested to evaluate its performance during wear, and measure user acceptance.
